## Panel / Table Trolley

### Usage

This trolley is designed to transport large and bulky items such as panels of construction materials and tables. The upright frame design makes it safer for both the user and fellow employees with better visibility and a smaller footprint that makes it easier to manoeuvre.

### Features & Benefits

- Ideal for moving large, bulky items
- Heavy duty powder coated steel
- All welded construction for durability
- Large rubber castors, 2 x fixed, 2 x swivel braked
- Convenient tool tray in between triangular frame upright
- Use for transporting folding tables and chairs, construction materials, pallets and window frames
- Can be customised to suit your requirements - to facilitate safe pallet transport, one of our clients had a handle attachment fitted to prevent risk of the load injuring the user
