

COLLAPSIBLE PLASTIC PALLET BINS

Providing complete versatility, you can store anything from fresh produce to workshop parts in these smart, collapsible bins. A popular space-saving, cost-saving storage investment.

- **Smart.** Collapsible design means you need less storage space.
- **Cost-effective.** Collapse your bins post-delivery to save on freight costs.
- **Food-grade.** Made from durable, food-grade HDPE plastic.
- **Ventilated.** For free airflow, rapid chilling and optimum food storage freshness.
- **Accessible.** Ergonomic two-way entry with drop down gates on opposing sides.
- **Multi-format.** Available in vented and non-vented designs.

Collapsible sides

Fully collapsed
